

Adobe

LMS Experience. Redefined.

Adobe Captivate Prime

An LMS from Adobe that lets you deliver engaging learning experiences in a personalized manner across devices. Align all online and offline enterprise-wide learning initiatives to skill, upskill and reskill your employees.

Setup experience that is a breeze

Simplify your life with an incredibly smooth and hassle-free LMS experience. From speedy setup to automation of routine tasks, do it all without breaking into a sweat.

Learner experience that is enjoyable

Create a culture of learning by offering stimulating, personalized learner experiences. From making learning fun to delivering it across mobile devices, keep learners coming back for more.

Measurable experience that is tangible

Transform training investments from black holes to informed experiences. From measuring the impact of your initiatives to closing skill gaps, get insights that you can act on.

Enterprise experience that is scalable

Turn learning into an organization-wide experience. From enabling training in the extended enterprise to integrating your LMS with your internal systems, grow your setup to your needs.

Setup experience that is a breeze

Easy

Roll out your courses in less than 90 minutes.

Automated

Automate routine admin tasks, and keep users synced with other systems of record.

Flexible

Track all online and offline training activities using a single platform.

Learner experience that is enjoyable

Engaging

Make learning fun with gamification elements.

Mobile friendly

Enable always-on learning with a mobile app that serves up content, and more.

Personalized

Provide just-for-me learning experiences.

Measurable experience that is tangible

Trackable

Track the impact of online, offline, and certification training on employee skills.

Informed

Keep tabs on learning objectives.

Customized

Get actionable insights into your learning initiatives.

Enterprise experience that is scalable

Extendable

Extend your LMS to include external partners.

Accessible

Access the power of the LMS from your own environment.

Integrated

Give learners easy access to training materials with out-of-the-box integrations.

The Adobe Advantage

Fast

Adobe Captivate Prime draws on Brightcove® adaptive video streaming to optimize video performance based on the bandwidth and device.

Secure

Adobe Captivate Prime is SOC 2, SSO, 508 compliant and follows some of the most stringent application security guidelines.

Supported

The Adobe eLearning Team ensures you make the most of your LMS, providing you with step-by-step onboarding assistance.
